

### IJOER : Engineering Research Journal

International Journal of Engineering Research & Science publishes articles of international interest from all areas of Engineering and Science research

Impact Factor:1.436

## AD Publications

AD Publications is a rapidly growing academic publisher in the fields of Engineering, Medical-Health, Environmental Science and Agriculture Research. AD Publications is a registered organization broad-based open access and publishes most exciting researches with respect to the subjects of our journals. The Journals is being indexed and abstracted by all major global current awareness and alerting services.

AD Publications aim at undertaking, co- coordinating and promoting research and development. It provides professional and academic guidance in the field of basic education, Higher Education as well in the Technical Education. Our Aims is to Promote and support, High Quality basic, Scientific Research and development in fields of Engineering, Medical-Health, Environmental Science and Agriculture Research and to Generate Public awareness, provide advice to scholar's researchers and communicate research outcomes.

International Journal of Engineering Research & Science publishes articles of international interest from all areas of Engineering and Science research. IJOER is a registered organisation broad-based open access and publishes most exciting researches with respect to the subjects of our journal. The Journal is being indexed and abstracted by all major global current awareness and alerting services.

**Research areas include, but are not limited to:**

Electronics & Communication Engineering, Electrical Engineering, Computer Science Engineering, Information Technology, Chemical Engineering, System Engineering, Mechanical Engineering, Civil Engineering, Applied Engineering, Petroleum Engineering, Industrial Engineering, Biomedical Research, Nano-Technology, Research in the Field of Physics, Research area of Chemistry, Mathematical approach
